Dear Grandpa, It's never easy to let go of a person who you loved so much. I loved you with every part of my being, but I have finally found my way to accept life just how it is. That we should stay with the beautiful memories we once shared together. I remember when you decorated your room with care bears and the Hanna Montana pictures, so in some way I live my childhood like a princess, and for that I want to thank you. Now at the age of 18 I see it way different than I once saw it before. But to me you will never be fully gone. And I will never see you differently. I Love You and Miss you With all my love, Destiny
