We started going to the Huntsman Cancer Center two years ago. Nancy was diagnosed with Stage V metastatic breast cancer. Brent was one of the first people we met there and he always made us feel so warm and welcomed. We will miss his smile and his concern for everyone he met. He was a wonderful man and you should be very proud of him. Our thoughts and prayers are with you.

I was only fortunate to work with Brent on a statewide data project for an all too short period of time. We all deeply regret his passing and the missed opportunity to work with him. My sympathies and prayers go out for Brent and family.

I am so sorry to hear about Brent's passing. I met him Huntsman's where I was helping my sister go thru chemo for breast cancer. He explained some of his health challenges and I was amazed at all he'd gone thru & all your family has gone thru. What impressed me most was his absolutely positive attitude and continuous smile. He stated that he knew he would probably die of cancer, he just didn't know which type or when... He was a great blessing in the very stressful time. You should be very proud of his compassionate service and that you had this much time with him. Thank you and good luck in the coming months. Sincerely, Mira
