Uncle Dean: You helped my mom and dad pick out a car I took to college. As you recommended, it carried me through many years trouble free. I wish there were more moments like when you took us to Strawberry reservoir when we were kids. I still remember. You were a gentle outdoorsman and always smelled wonderfully is my childhood "simple" recollection. I know you loved Peggy dearly. I'm glad you're together again. What a wonderful reunion that would be to behold.

My condolences to all the family and i will sure miss my uncle and cherish all the time spent with my dad and dean working in his shop and my dads shop (Jay Thornley) with dean. In fact i was a kid when dean and my dad bought the hoists the have in both garages and since i was so small i was the one who dug the holes to install both hoists in his garage and my dads garages. I would be in the hole and fill a bucket and they would raise the bucket with a rope and send it back down. Well i love and i will miis you uncle Dean.
