Julie this moment brings back to mind when my Mama departed this earth ... I wonder if I would have had time because I could have known verses so suddenly letting go was easier ... but then when our Parents are gone they angelically watch over us so much better and remind us they are not gone they are just away ... I love you Julie and enjoyed your Mama's embrace and welcome in her home I was no stranger.

Dear Myrna will be greatly missed by all who were lucky enough to know her. She loved our annual outing to Lava Hot Springs & bought along baskets of veggies from her garden to share. She was one of the 'lunch bunch' & it will not be the same without her smiling face. My sincere condolences to the extended family.
