Dear Greg, I was so sorry to hear of your wife's passing. I hope in time you can find peace with your loss. While I don't miss the airport, I am thankful for a few people whom I like and enjoyed working with. You my friend are one of them. Take care of yourself and I will do the same. An old commissary buddy, Clint

I had the great fortune of working with Debi at Ingenix years ago. She was always so very kind to me. I recall that she had a little water feature on her desk that was soothing to hear over the wall. I have very fond memories of those times and of her. My condolences to you, her family, and I hope you find comfort in your memories of her.
