To my sweet-friend, you will be deeply missed by all of those that were blessed and lucky enough to have known you and to have spent time with you. I will always remember the good times and laughs, as well as our many heart to heart talks and tears we shared. Kris you were a one of a kind person, a man with a heart as pure as gold, a sweet and wonderful friend, a loving brother and son, someone you could always count on! but most of all you were a King as you once referred, because you were Hannah and Bens dad. A big part of you will forever live on in them, every time they go to click on their skis, cast out that line on their fishing poles, build something special with their own hands, make their friends laugh, and love deeply from within their hearts. It's all the wonderful times and things that you taught and blessed them with forever. GOD BLESS you our sweet Kris and May you RIP. I love you all Nielsen family, take care of each other always...~XoX~

Kris was a very knowledgeable man. A very funny man, who was really good at using humor to make the best of a tough situation, and knew how to make even the hardest times a lot lighter. He was a joy to work with and talk to. He would always greet me with "hey, it's drummer boy!" and ask me "when we getting the band back together?" I didn't know the band ever separated. He was a very skilled woodworker and knew how to make amazing projects and helped do-it-yourself-ers make their projects easier. He was an amazing friend who left way too soon. He loves his kids and always wanted the best for them. He is already terribly missed and it hurts my heart he's gone so soon.

Kris was a such a great friend to me, we knew each other since the 4th grade. Went through a lot of crazy times together. Some good, some bad. My condolences to my dear friend Kim, Eric, Lisa, Ben, Hannah, and Annette whom I do not know. Kris is where the powder is always fresh and finally at peace. Peace and love to all his friends and family. Love you Kris
