I remember Darlene when she worked at Bill Shipler in the photo lab. After Darlene left BSP, no one was able to do the job as well as she did. She was remarkable.

I am so sorry to hear of Darlene's passing with such a horrible disease. We were neighbors for 32 years and I always considered her my dear friend. All you kids were friends with my kids and great neighbors as well. I am sorry for your loss. She was a wonderful woman. My sympathies, Norma Snyder Dahl
