Phyllis Tatum posted:

Lorraine was the first grandchild born in march 1969. My mom and dad visited her in California as a baby they were so happy to have a grandchild. Mom made a photo book "sogpip" silly old grandma pictures in purse. "Raine as she was called by me was very kind and caring she helped take care of her brothers. She married Kelley Bleak they had two children, Kendra and Zachary. Lorraine was very proud of the young adults her children have become. I know she is happy now and not suffering anymore. Many family members are there to welcome her home 🍷
