Oh I'm so sad to learn of this. I used to see Bob two or three times a year at the Chicago show and always found too many things to buy of his. He was always so fun to visit with and see all his biker stuff. We moved to an area with no shows and I hadn't seen him for awhile. Now my girls are old enough they are stealing my jewelry and Bob's rings are the first they take. I so wanted to take them to a show to pick their own rings and visit with him. So sad to know he passed.

So sorry to hear of Bob's passing. I met him @ the Las Vegas Jewelry Show in the late 80s early 90s. He was so kind to me; taught me a lot about the pieces I bought @ each show. I will treasure the jewelry I purchased, as will my son after me. Rest In Peace, Bob. You are unforgettable.

I am a patron of Bob's beautiful jewelry! I met him more than 20 years ago at the Laughlin River Run. His display included a beautiful variety of his work. I was fascinated with a particular belt buckle, ivory, sapphires and very elaborate silver crafting. I ended up with the buckle with the number 2 engraved on the back. Willie G has number 1. It is a beautiful work of art and I am forever grateful that I met Bob all those years ago. We met again a few years later and I bought a ring for my girlfriend. I then found out he lived in Midway ... I live in Park City, Ut. We became friends and I would visit him over the years and had him inlay a piece of jasper in a buckle he had sitting around waiting for a stone. I was lucky to have met Bob and was grateful we shared some time together. You are missed, Bob!!
