My first symptoms of ALS occurred in 2014, but were diagnosed in 2016. I had severe symptoms ranging from shortness of breath, balance problems, couldn't walk without a walker or a power chair, i had difficulty swallowing and fatigue. I was given medications which helped but only for a short burst of time, then I decided to try alternative measures and began on ALS Formula treatment from Tree of Life Health clinic. It has made a tremendous difference for me (Visit w w w. healthcareherbalcentre .com I had improved walking balance, increased appetite, muscle strength, improved eyesight and others.]

So very sorry for your loss Jeff. Losing the ones we love is never easy and we're never going to be ready. I just want to remember "She's not gone, she's only away" the treasured memories you have of her will be the warmth of her love keeping her with you until you meet again. May you feel her warmth even stronger as long as you need her strenght to hold you up at this time. God bless you and the family. You're in my thoughts and prayers.
