I have so many good memories of your Husband, Father, Grandfather, G-Grandfather, Fred was always a helper to his family/extended family, fixing cars, helping someone move, painting their house, taking care of yardwork, etc. Always helping, never complaining. He loved to camp and had many good camping trips with family and friends. Family get-to-gathers and B-B-Q's was a favorite of his. He loved his family and worked hard to support and care for them. He was a "Special" and "Favorite" brother-in-law to me. Although he was a quiet man he could convey his feelings and thoughts with his expressions. He was an ordinary man but he influenced more people than he realized. He will be sorely missed by so many who loved him. He is now happy, out of pain and at peace with his son, Randy and those who have gone before him. Take comfort in knowing you will see him again. When you miss him the most, close your eyes and think of him standing by your side holding your hand or hugging you; and you will feel his presence. He is not dead he is just away, so close you could almost touch him. "Absent from the body but present with the Lord." Take comfort in the Bible and God's word. God loves you and knows your pain, He hears your prayers, He will be with you always. To All The Family, Our Love Always, Barbara and Larry Brooks
