Tom will be deeply missed. Tom had a sixth sense about him, once my garage door would open he would be pulling into my driveway. Often times I would look out my window and there would be his white Blazer cruising down the street. He would go out of his way to make sure things were all right at our house. After Cal's death he would become very diligent in checking up on me. Four months after Cal's passing, our father died. We both were lost, yet Tom would still check in on me to make sure things were going well and offer to help in any way he could. Looking back, once I thought was an annoyance, is going to be missed beyond measure. He had a caring attitude about those around him. He loved people and he could talk your head off. I referred to it as Bullshitting! Those traits are what his make up was, and now gone is those things I will miss the most. I have too many memories to recall,, but when things arise, it will stir a memory and again I relive them in my mind. RIP dear brother, your among the best angels that mortality has to offer. I'll look forward in seeing you once again, give mom and dad my love! And be sure to update Cal on everything that has been going on be sure you go to lunch with each other since its been a while. I Love You thanks for being part of my life, your youngest sister, Fran Cine

I am very saddened to learn of the passing of my old friend Tom. I always enjoyed my home teaching visits to him and Sharon, and later he served as my counselor in the quorum presidency. He was a good neighbor and a good man.--Fred Brady
