## Marian Nannette McLain Watt

Marian Watt, age 80, passed away peacefully after a long struggle with Alzheimer's disease.

Marian was born to Francis and Warren McLain and grew up in Carlsbad, New Mexico. She attended BYU Provo where she met and married David Watt, the love of her life. Together with her husband, she raised a family of three, traveled throughout the US and world (including Australia and S Korea), and led an active life in the Church of Jesus Christ of Latter-day Saints, including serving in three Family History missions.

Marian loved spending time with her husband, children and all her relatives. She enjoyed being a stay-at-home mom and filled her home with love, fun, music, art and games, as well as many learning opportunities. She was an advocate for education and set an example for her children by completing her degree in anthropology at BYU Provo, enrolling in art courses at UT Austin and taking advantage of other learning opportunities throughout her life.

Marian was an excellent dancer, an accomplished artist, an avid genealogist, a musician, a dog/ cat/ parrot/ guinea pig/ fish/ mouse/ turtle lover, a business owner and a caregiver to many. She traveled frequently to visit family, to see nature, and to experience different countries and cultures.

Her family grieves her loss but takes comfort that she is now freed from her illness and that she has found joy in reuniting with her husband and family.

Marian is survived by her children, Daniel, Pamela, Douglas, and their spouses, Guadalupe, David, Gretchen; by eight grandchildren (Nannette, Katie, Kelsey, Alex, Cindy, Bryan, Michelle,

Marian was a kind and loving woman that served others and tried to help everyone she could. Her art talent was incredible. And she painted landscapes that she gave to friends and family. We don't have pictures of all her art as she gave a lot away, but I will share some of the photos that I do have. If you have one

of her paintings, please share your pictures of it here. Also and most importantly, she was a loving mother, mentor, coach, and confidante, that suffered the ravages of Alzheimer's disease for more than 10 years. We lost her many years ago as the disease changed her and robbed her of her personality and memories. We will miss her and on the one-year anniversary of her death, we wish to remember a very remarkable woman and mother. Love you Mom, Danny

I worked at PR for a year and feel so fortunate to have met Marian. She always met me with a gentle smile. She was a very talented artist and I would love to see some of her old paintings again. My condolences to her family, she was truly a light in this world.

Marian lived across the hall from my mom and I was lucky enough to get to be friends with her. She showed me so much love and I loved our walks around the hallways. Even though I only knew her in the last chapter of her life, I could tell what a special, kind, loving person she had always been. It was her core. My love to her family.
