## Mindy Kristine Hassard

Springville, UT - Mindy Kristine Hassard 53, passed away on Monday January 31st, 2022 after a courageous battle with mental health.

Mindy was born on February 4th 1968 in Salt Lake City, UT to Myron and Sherryl Hassard and raised in the SLC area. Many of her playful childhood Summers were spent in Yellowstone with her family as her father was a seasonal park ranger.

She truly has an adventuresome and enthusiastic soul. She found solace, comfort and spirit spending time with Mother Earth; traveling the land, going on hikes, walks to feel the Earth and creatures presence. She LOVED Yellowstone and was baptized at 8 years old in the Firehole River in Yellowstone Nat'l Park. She had many pets including birds, cats and dogs. Mindy and Colby's favorite, as she raised him, was a dachshund, mix, named Jed.

She was a member of The Church of Jesus Christ of Latter Day Saints and had a vibrant testimony of Jesus Christ. The energy and spirit of the Natives also greatly influenced her spiritual beliefs. Her courage instilled her faith which allowed her to inspire many. She frequently sent inspirational quotes and scriptures to family and friends. She had a great love for the temple and it was a significant focus in her life. She enjoyed spending time learning about her ancestors and family history.

She was a wonderful grandma and absolutely adored her two grandchildren. They brought tremendous light into her life and were her main anchor in challenging times. When she wasn't spending time with them she was talking about them and looking forward to the next time with them. She also very much enjoyed spending time with her four siblings, other family and her many friends.

My deepest condolences are extended to all of Mindy's family. I shared many beautiful experiences with her during our friendship. I recall hikes up Timpanogos, American Fork Canyon, Hobble Creek Canyon, and others ... I remember Fourth of July fireworks with her family watching from near the Provo temple grounds... I loved it one time when she came to stay with me in Apple Valley Utah. We went to Zion and spent the whole day soaking in the beauty. Next to the Virgin River she created a heart-shaped mound of sand... She has always shown me great compassion and such strong valiant Faith in Jesus. My heart goes out to Colby and to all of her precious family. I know she is welcomed into the Savior's Arms of Love, Healing, and sweet Rest. I love you Mindy. Thank You for always loving me.♥️🌹Rosemary

Mindy was the nicest person I think I've ever known. She ALWAYS said hi to me at work and asked me how I was. If I saw her I would make it a point to ask how she was. I knew that she struggled with depression and other things. I'm gonna miss her and her beautiful smile. She was always posting on social media about uplifting things and all her dates with friends and family. I am so sorry for your loss. May the Lord wrap his arms around you in this very difficult time.

I wasn't super close with Mindy, but we worked together at Walmart back around 2017 or 2018. She was so friendly to me and took me under her wing since I was a new hire at the time. Out of everyone I worked with, I enjoyed working with her the most. She was the easiest person to talk to. You could talk to her about anything and it felt like she always knew the right thing to say. I had customers who would ask me to say hi to Mindy for them if she wasn't working that day. It was so clear how loved she was by the people around her. I am so grateful for meeting Mindy. She made a positive impact on my life just through her caring energy. Truly a lovely woman!

One of my favorite memories of working with Mindy at Walmart was on a particularly slow morning when we had no customers at the registers. "Top of the World" by the Carpenters was playing over the intercom, and I remember looking over to see Mindy singing and dancing along with the music. It made my whole day, she was obviously having so much fun. I loved Mindy so much and I feel so blessed to have had the chance to get to know her in my time working at Walmart. She always made me feel loved and seen. I will miss her terribly. ♡

In memory of our sweet hero and valiant warrior. Mindy your tender feelings and powerful emotions gave strength to all of us. We have watched you grow and expand your wings for most of your life. You have met your challenges and are ready to meet your Father in Heaven and your loving parents who await you with wide-open arms. The time you spent in our home was a growing experience and we thank you for that time. You have reached out in love so many times. You left us too soon, there is still so much to share. We are grateful for an atonement that can wash away the pain of hard challenges, and remind us of His tender mercies. We pray for Colby and your siblings as they will miss you terribly. Those who have preceded you will joyfully welcome you home. This is only a short goodbye before we will reunite again in a better place. We love you, Mindy. Keith & Karma

Mindy lived with us right after I graduated from high school. She was volatile but actually very nice. I had a lot of great talk with Mindy that continued throughout our lives. She could really relate to everything that was difficult--she had been there and back. She was always willing to hang out because she cherished any real friendship that came to her. What a glorious person. She supported any family event that we had and was very proud of her family and extended family. Even though she had a lot of trouble with the LDS church she made peace with it and even worked at the temple. She was finding peace with everything and I am sad that I didn't know how much she must have struggled throughout her life. Don't ever postpone the good desires of your hearts for family and friends. When life is over it is done and we don't know what comes next. I think it will be exciting and I am sure Mindy is up for an adventure as we all should be. Maybe she will come back in another body that is not as troubled with chemical issues. She did the best with the body she was given. I hope she comes back in another body while I am still alive. I hope I could pick her out of a crowd. I hope she could pick me out of a crowd. We should all consider the benefits of reincarnation.

My life has never existed without Mindy in it and it's such a strange feeling knowing that she is no longer here physically on Earth. How Blessed we are and how grateful I am that our families have remained so close for over 40 years. I'm grateful that we truly do know that we will see each other again one day. One of my favorite memories was when we all still lived in the Butler area of Cottonwood Heights. She always felt like a big sister. I can honestly say, that I don't think I even realized at a young age, that we weren't even related. But Whenever she would hello or goodbye, she always said FISH KISSES! That has always stuck with me. She will forever be in our hearts. Life is short, love is strong....and families are forever.
