AUG 23, 1951 - JUN 4, 2022

**T**homas Steven Moore of Layton, Utah passed away on Saturday, June 4th, 2022. After several months of declining health, Tom died peacefully at home with his beloved wife and their children and grandchildren by his side.

Born in South Carolina, Tom moved with his family at a young age to Citrus Heights, California where he lived most of his life. He graduated in the Class of 1970 from Casa Roble High School where he met and eventually married his high school sweetheart, Norma. Upon graduation he entered the Army.

Tom proudly served his country in the Army for 11 years. The first four years of his service was during the Vietnam War. He also served two tours overseas in Germany. After his active duty service, Tom worked as a DoD civilian first at McClellan Air Force Base in Sacramento, California and then Hill Air Force Base in Layton, Utah until he retired in 2013 after 33 years of service.

He is lovingly remembered by his family and friends for his fun, creative clue games that made birthday parties unique and special, camping trips and his made up scary stories around the campfire, river rafting trips, outrageous halloween parties featuring Lola, patriotic movies, and love of singing and dancing to the oldies.

Tom is preceded in death by his parents Voyette and John Moore, his brother Robert, best friends Rick and Steve, and his faithful companions TD, Tasha and Zoey.

He is survived by his loving wife of 50 years, Norma Moore, their children and their spouses Brandie and her husband Bryant, Troy and his wife Mary, Shilo and her husband Brock; 8 grandchildren, Amanda, Bryant Jr., Kaitlin, Logan, Joseph, Sidney, Shannon, and Wyatt; great granddaughter Madielyn; his sister Deslan and many Nieces and Nephews.

Memories of TomYour presence commanded respect! And we honored that! And loved it even more when you would laugh or crack jokes or crack that little smirk of yours- that showed us all you were human! ❤️ When you were serious, we all knew it, and responded accordingly. I was terrified of you as a kid, but at the same time, I knew u loved me because I was family (and happened to be your best friends daughter 😊) You had a great sense of humor, your smile/smirk was genuine and contagious. You had a strong sense of pride for our country and family and a great love of history.You were my daddy's best friend, you played football in high school together along with the third musketeer Rick Ottenhauf. When my dad passed, I looked to you for that bear hug I was missing from my dad. You gave me my dad's dog tags, folded in a flag, it was so touching and special to me. I will never forget that! My oldest son Justin has them now.I remember all the oldies you played on that old record player that was in that beautiful wood cabinet, especially around Christmas time. Every time I hear many of those songs such as the little drummer boy etc., it takes me back to those wonderful memories. Scary movie nights during sleep overs with my cousins. Nightmare on Elm street ruined scary movies for me, I still don't like scary movies! Camping and campfire stories that were so scary and believable, we loved it but we were genuinely scared too. And if the stories weren't enough with how convincing you were, you would mess with our tents after we went to bed. Scared us into staying quiet in our tents. LolYou made my cousins birthdays so special with your well thought out and HARD scavenger hunts! The school projects you helped my cousins build were incredible pieces of art. I have so many wonderful memories of you that I will hold in my heart until we meet again. The three musketeers are United once again! I'm sure you all are having a grand time and watching over us! Give my dad, grandmas, aunt Stephanie, uncle Larry, And Rick a big hug from me. Lots of love, Janiah

Norma, I am honestly behind on my email and just saw Bob Finke's message to our hydraulic retiree group. I love these beautiful stories your family and friends are conveying here. And learning so much about Tom. He was always moving never idle, the best expediter. He helped me move plenty of exhibits out and helping me find boxes for these defective aircraft parts being shipped out back to the manufacturers for study etc. he was serious and professional. But we laughed sometimes. So hot down there on the docks shipping and receiving area scrounging for boxes and other things. I wish I knew him more on a personal level like I know you. When I lived in Ogden there was hardly anyone Rusty and I would get together and do fun events with. I should have spoke up right? I loved my job because good people like you and Tom gave me respite with humor and always leads and advice. You were the best wife out of wives I am sure. He was blessed with you. I know not how this came about, but I am grieving with you Norma. I envied how much fun you and Tom had together and the things you planned with your family and grand kids and the food! Tom was a family man through and through. And a faithful grand husband I could tell. God Bless Tom's soul and God keep him.

Where to even begin.. My dad was an epic story teller and his clue games were amazing! Lola was unforgettable during Halloween with the red haired wig and beer belly and goatee.. dressing up as Lola for a radio station contest where he won 1st place and took home 10 tickets to Neil Diamond. I loved our camp trips and parties and time at the lake.. He could always make things fun even when we didn't have much money.. like rolling our big tv console to the back patio sliding glass door and we all sat in lawn chairs outside and it was like a drive in movie at home ❤️ our family night swimming in the pool with all the tiki lights he hung up... He would play Santa with his big boistrisous voice and laugh until we figured out he was our dad.. Then he would dress as Santa forhis grandkids.. He would buy candy bars and hide them around the house and have us go search and find them (probably where I learned all his chocolate hiding places and could always find where he stashed his chocolate) dancing on his toes as a little girl to the oldies to our last dance at my wedding.. I could go on and on... I love and miss you so much daddy.. Tell we meet again.. See ya later ❤️😭

I have always told my girls and friends of my uncle Tom's epic campfire stories. How his smile and eyes sparkled while he watched us kids lean closer in while we listened intently, knowing that any second we would all scream or run in terror at whatever twist was coming any second. Our grumpy ole uncle Tom was always a big ole soft bear in my eyes, always gave the best hugs and had the best laugh. I can't listen to oldies without him in my mind. He was a part of almost every fun and happy memory for me as a kid, from camping, being yelled at at 2am during sleep overs with Shilo, learning to swim in the back yard pool, all of the many many family BBQs, and even mundane Sunday mornings. Uncle Tom, you are unforgettable to anyone who knows you. I love you! See you when it's time for me to go home. Go have a beer with pops and give grams a big hug. ❤️
