Branden Todd Malkogiannis

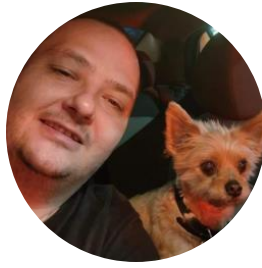

SEP 22, 1983 - OCT 30, 2022

Branden Todd Malkogiannis is now cheering us all on from Heaven. He is our loving grandson, son, brother, nephew, friend, and father figure. He shared himself with all of us. He didn't need to know you, but he cares for you. If he knows you, he loves you! Branden started life off as a curious young boy who knew he could forge his future with unconditional love from the family around him. He was taken on great adventures with his Grandma and Pa Pou. He is his brother's keeper and continues to show him that life is better than what they had seen in the past, and encourages him to find joy and security. Although, during his life, he experienced traumatic events and created drama, such as NOT turning himself in for his prison sentence. Branden found recovery and his meaning and purpose. After his release from prison, he had a relapse and fought for his place in the RISE Federal Drug Court. He was outspoken, advocating for all and himself, and completed that program with no issues. ZERO issues (other than him being Mr. Sassy Pants)!!! He had the ability and drive to have a life in recovery. He was given the opportunity to be trained as a Certified Peer Support Specialist, and an MRT (Morale Reconation Therapy) Facilitator, and attended steering committees for the State of Utah Department of Health to end the stigma of mental health and substance use diagnosis, as well as volunteered with the loving nonprofit B.A.M, Beyond Addiction Mosaic. Branden wanted others to experience the empowerment of recovery! His biggest character flaws were his best characteristics, helping others, mentoring, and loving all of us. He helped all of us who are technically challenged, struggling with mental health or substance use, need a ride to a meeting or inpatient treatment, feeding the homeless, or need help with a community project, he is your man!

Branden is a man of the community, please keep paying it forward. Help a person with a ride, take someone to a meeting, spend time at an assisted living center or with someone who feels

Branden, you and I have been through so much together. You gave me my start in so many things when I got home from prison. We met in Federal Drug Court, you helped me find a place there, and taught me it was good to advocate for myself and others. You taught me I can love and be loved again. You also helped me to get my first job out of prison, at my first call center. My life wouldn't be where it is today without that help. You also sold me a car when I desperately needed one to help me get to work and treatment. You did so much for me personally, I can only imagine how much you have also done for others. Oh gosh, how could I forget - you also helped me to get an apartment right next door to yours! So many great memories there! You are now and will forever be my brother. I still can't believe that beautiful and contagious smile is gone from this earth, but it will forever live in my heart. I love you my friend. Thank you for all the amazing times we have shared and all the beautiful memories. I love you so much.
