You were such an awesome person! From the different places we worked at, Zombiance, the Linux stuff, the concerts, and just hanging out, it was never dull when you were around. I will miss you!!

I am absolutely shattered right now. I swear we were just arranging to store my Dads truck at your place, I figured you hadn't text back because you got busy, as usual. I can't even wrap my head around this. I hope someone who knows your Baby has her. She is going to miss you so very much, as will I & Derek. It seems like just yesterday your mice were trying to go home with me, then along came Ghost, I know we had planned for me to watch her soon. Please rest well, Steve. You will be missed immensely. If someone can please give Ghost a kiss for me, I'd appreciate it, he had all of my pictures with her, I wish I had one to post. I am so very sorry to Steves family.
