## **Alice L Willis**

SEP 10, 1945 - NOV 12, 2022

**O**n November 12, Alice L Willis passed peacefully at Home surrounded by Bill, her loving husband of 52 years and by her two wonderful children, Brinson and Salem. Her family and friends fondly remember how her patently sunshiny disposition, twinkly eyes and infectious smile consistently brought us happiness whether it be at Home, during travels, or even at work! Her presence as a nurse, colleague, mother, wife, sister, cousin, and friend served as mortar in the walls of her communities. We greatly miss Alice and her companionship, be it during time with her team caring for patients to precious moments dancing with her beau. From trading neck rubs while watching a comedy to comparing flavors of new dishes. From time in the mountains to time at (and in) The Lake. While we will most profoundly miss her famous hugs, we will continue to be inspired by and feel her loving and compassionate spirit that made our daily world a much better place. Sending you tender hugs and kisses dear Alice. Always.

We first met Bill and Alice (and Brinson and Salem) in 1979 when we moved in across the street from them. We immediately became friends. We remember dinner's at each other's house, cookout's in the Sandia's after work, camping in Villanueva during an intense rain storm and solving the murder mystery in Cloudcroft (well almost solving it). There is no doubt that Alice loved Brinson and Salem very much, but, on one unusually stressful day Alice and Chris "exchanged" kids just to give each other a break. We always laughed when remembering these moments later in life. Alice was one of the sweetest, kindest people we ever knew. She was a patient person who was always interested to hear your story. Alice was thoughtful, generous and kind in her relationships. We admired the love shared by Alice and Bill; they were best friends! We miss our dear friend, but, will always remember her smile and sparkling eyes whenever we think of her. Alice will forever remain in our hearts and memories. Alice, we love you. Bill, Brinson and Salem, may these happy memories give you peace and comfort.

The last time that Rachel and I saw Alice was at the table in a nice restaurant eating, laughing and enjoying herself with Bill and a couple of dear friends. We will hold that image forever. May her memory be a blessing.

Dear Bill, Salem and Brinson, Alice was my best friend for 48 years and I miss her dearly. When we met in 1974 we were both pregnant with our first child and due on the same day! We raised our kids together, went on trips together, and shared so many of life's joys, the down days and the good days. Alice laid some adobes in the house I built, climbed Cabezon with me, went up on my high ropes course, we skied together and had many adventures in all our years of friendship. I am so glad I got to see her just a week before her passing to hug her and tell her how much I loved her. She was the most gracious person and the truest friend I could ever ask for. Nothing meant as much to Alice as her family; her beloved, Bill, Brinson and Salem. What a gift you gave her by surrounding her with your love at the end. Hug each other for me, love, Susan.
