T ONY "ANTHONY" BEDDOES

Tony left us unexpectedly on December 29, 2022 at the very young age of 50. Tony leaves behind many heartbroken loved ones, his wife, Roxanne, step-son Dexter, daughter Audrey, grandson Raiden, sister Michelle (Steve), his pugs, Kasee and Mila, and so many other beloved family and friends.

If you knew Tony, you knew his love of music which began as soon as he could hear. He loved the band Ghost and was ready for their next tour to come into town. Tony grew up in a close knit music loving family and as a result went on many a road trip for festivals and concerts. He traveled frequently with cousins, William, Brent, Bob and Lou to see bands perform all over the U.S. and let me tell you, those trips definitely resulted in some major hellraising. I seriously doubt that there are many who haven't seen Tony's butt as he was quite fond of baring it for all to see frequently.

Tony waited a long time to find "the one", Roxanne. She is the one true love of his life and truly the best thing that ever happened to him. They were together many years and tied the knot just this year. With Roxanne came step-son Dexter whom Tony loved and tried to be the best step-dad possible. Tony often played Ghost, loud and proud, on his new Cerwin Vega speakers and Dexter became a quick and fast fan too; it was something they shared.

To say that Tony was a proud papa when daughter Audrey was born is really a true understatement. He was madly in love with her before she took her first breath. He was so proud of her and watched in awe at her many accomplishments. Tony and Audrey were so similar, which of course often led to a butting of heads but the love and adoration always remained consistent.

Audrey gave Tony a grandson, Raiden whom he loved and adored. Raiden looks just like his papa Tony when he was young, the resemblance is uncanny. Papa Tony loved going to hockey games with him and I know that Tony would have shared his love of concerts and music with Raiden and definitely would have taught him to bang his head with the best of them.

Michelle and Tony were exceptionally close. She always took care of him and would often be called upon to beat up a bully or other kid brave enough to mess with her little brother while growing up. She supported him through thick and thin, good times and bad and stood by him in his marine corps endeavors and the madness that was kidney failure. They lost both parents and many other close family members and leaned heavily upon one another to stay strong and make it through. They depended on each other to be rock solid when the other was less so in order to fight another day.

Tony was lovingly greeted by his mother Katie, father Bill (whom he scheduled to kick in the balls upon seeing again), his beloved pugs Susie and Milo and so many other cherished family and friends.

A memorial will be held at 2:00 p.m. on Saturday, January 7, 2023 at Premier Funeral located at 67 East 8000 South, Midvale, Utah 84047. To honor the rock and roll, music loving legend that was Tony, we suggest wearing your favorite band tee.

I just loved Tony! I have too many memories to share. I remember when we were both at this other building he worked at. He was going down the elevator with me and someone else. He started laughing his laugh was like no other it was infectious. So I asked him what he's laughing at and he said " oh this joke I just heard". I said you better share now that You're making me laugh. He said "I can't until I quit laughing about it". Anyway he had this laugh like no other person that I've ever heard. Bart and I will definitely miss the conversations we had at the table we sat at having our coffee. Tony and Roxanne made such a great couple together. It was so fitting that they got married on Halloween. Love and miss you Tony! I'll see you again I'm sure. Paula Garfield

I got to know Tony working with him. He never complained of his health concerns. He was a great person to listen to others and was always wanting to help the elderly. Knowing the years that Tony worked in Nursing Homes I'm confident some of the people he got to know and care for in these buildings greeted him with open arms. Tony's joke made me laugh and squirm at the same time. He's a great guy and someone we will miss here on earth.

I remember the first time I met Tony at the age of 4 what a charmer, he had a contagious smile. I fell in Love with him then, a still Love him to this day. I remember as Tony got older his Love of hard rock, the louder the better as he would bounced around the house grinning from ear to ear because we were pleading with him to turn it down. God speed Tony you are missed by all. Xoxoxoxo

Tony! Thank you for being my high school dad or as you'd call me Audrey's "lesbian lover". Such a goofy guy! Thank you for the talks, jokes, hell, and music sessions. Love you!
