**Melanie Peterson** lit a candle in honor of Kenneth.

He was very kind to me when Kendell invited me to go to lake Powell with them. We had a lot of fun. I'd never been and even in a storm I felt safe with him as the captain of his boat. It was in 1982 or 3. The lake was rising a foot a day. Like it is this year with the big snow and run off. Kendell and I followed the motor home and boat in the Jeep so we could have a day off of the lake. We went to Star springs and the Jeep broke down on the way back to Bullfrog but he fixed quickly and we were on our way back. One day a friend of mine asked me to post a message about depression a few years ago. I did and he reached out to me and told me he loved me, and told me he would be here for me if I needed anything. That was very sweet. ❤️
