My husband and I didn't know Kendall until he recently moved into our neighborhood, already suffering from Parkinson's disease. Whenever we would visit him, he had a brightness in his eyes and a charming smile. One time we took him for a little walk down the street and he told us about his hobbies before he became ill, it was a delightful walk. He always seemed happy. We know he will be sorely missed and we are so sorry for your loss. Trish and Dan Alessi
