Kyley Joseph Hansen

SEP 14, 1989 - JUL 4, 2023

Kyley Joseph Hansen, 33, was whisked away from this life in a moment after experiencing an accidental drowning on July 4th, 2023.

Kyley came into this world like a "tank" on September 14th, 1989, weighing nearly 12 lbs! He was born in Lava Hot Springs, Idaho, and was the youngest son and number 5 of 6 children born to Steve and Kathy Hansen. As a child, his blonde, curly hair and sweet disposition charmed those around him. Kyley grew to tower above his siblings in height and was a giant to them in many other ways. At age 19, Kyley met the love of his life, Angela Rackham.

Kyley was educated by his mother at home throughout his foundational K-12 schooling years. He chose to serve a mission for the Church of Jesus Christ of Latter-day Saints and served in the Recife, Brazil mission where he forever impacted many lives. Shortly after Kyley returned from his mission, he married his sweetheart, Angela, on November 22nd, 2013. Together, they have 3 children, with another due to arrive in October. Kyley later went on to complete a degree in Physical Therapy Assisting.

Kyley was an incredibly kind, tender, patient, loving, and devoted husband and father to his wife and children. He was intentional and sincere in his relationships and all that he did. He always strove to improve himself and his example encouraged others to do the same. Though often quiet by nature, he had a gentle playful side that always drew people to him. Kyley was a man of integrity and would always help anyone in need.

Kyley had a prolific imagination and was an achiever. In his last few years, he found joy and challenge in physical fitness, creative writing, electronic music composition and singing. He authored a book, "An Unveiled World" and built a following on his Spotify "Kyphose", tiktok and other platforms where he created many songs and videos that have helped others face challenges. His music and words will be cherished forever by those who knew him.

He brought my sister and their family out to us for a year long visit to TX. Who else would have been so generous?! Kyley was a powerhouse... His voice and words still echo through his home and through his children. It's tough to see them live this life with only a vague memory of a wonderfully patient and loving father, brother son and uncle.

So true Jess. It feels so unreal to be talking about him in the past tense and thinking back on all the good memories, but here we are. He left behind some cute kids who are so much like him it makes me smile everyday and I try as we all will going forward, to tell them stories to keep him alive always in their hearts.

Vinicius Silva lit a candle in honor of Kyley.

I still can remember the first time I saw him when he already at the mission field. He was smiling, having fun, and talking a lot! We had great time as companions. I also, remember our mission president trying to interview him after 2 weeks and he still couldn't speak a lot Portuguese, because we were speaking English most part of the time. I knew he would learn the language. He fell in love with it once he started understanding a normal conversation! Since then, we started talking and he and his family met my family and my parents! I used to love watching his videos, listen to his song, and talk to him! He helped me a lot when I was leaning English and made me understand more about the challenges we can face. That we could face them without complaining. He gave all of himself to help others. The most humble person I've met! I'm gonna miss you my friend, brother, and mission companion. A huge hug from my family to yours.
