## In Loving Memory of Matthew Lichty

February 6, 1982 - September 22, 2023

Matt grew up in Placerville, California and lived in Northern California and moved to the Salt Lake City area where he has resided since.

With heavy hearts, we announce the passing of Matt Lichty, a beloved Husband, Father, Brother, Son and Friend. Matt, 41, passed away September 22, 2023, leaving those who knew him with cherished memories of joy, laughter, and caring for those in need.

Matt had an unwavering commitment of bringing joy and laughter to those around him. He had a knack to brighten the room with his jokes and lighthearted spirit. He was a natural storyteller and would have his audience enthralled with interest. He loved helping those in need and was always willing to go the extra mile for those that needed his help.

Matt leaves behind a large network of friends. Matt is survived by his Mother Kathy Seed and Father Dennis Lichty. Brothers: Tanner, Benjamin, and Joshua. His wife Fang, and two children Billy and Dollie. Matthew will be missed by many!

Matt spent the past 20 years working in construction on heavy civil engineering projects and was an expert in Project Management and Estimating.

In this time of grief, we ask that you remember the joy he shared and the love he gave. Rest in peace, Matt.

I cannot believe you are gone matt. We met each other years ago. We instantly had a connection. You were such a great friend to me. You always made me laugh and feel better. I was thinking of you and searched for you and came across this. I hope you know how much you impacted my life and how the bond we shared over our broken hearts healed me in so many ways. May you rest in peace Matt. One day we will meet again . Love you matt.

I am still so very heartbroken that you're gone. I was with you just a few moments before you passed getting Chinese food. Woke up the next morning and found out. I still find it so very hard to believe that you're not with us. Such a good man such a kind-hearted person who died of a broken heart and that breaks my heart love you to the Moon and back.
