Fred Robert Hatfield

DEC 1, 1942 - JAN 16, 2024

It is with deep sorrow that we announce the passing of Fred Robert Hatfield, an exceptional individual who left an indelible mark on the hearts of those who knew him. Fred, aged 81, succumbed to cancer, leaving behind a legacy of athleticism, courage, camaraderie, and a larger-than-life spirit.

Fred was born to Virdella and Arthur Hatfield in Springville, Utah, on December 1st, 1942. Fred's early years were marked by his passion for sports. As an outstanding athlete, he garnered numerous awards in track and field, basketball, and football. Fred's athletic prowess earned him a college football scholarship, a testament to his skill and dedication. However, he chose a different path and enlisted in the US Army, embarking on a journey that would become his own field of triumph.

Fred served his country during the Vietnam War, stationed primarily in Germany. His commitment to duty and service reflected his unwavering dedication to a cause greater than himself.

Fred, affectionately known as "4 guys" among his friends, was a large man in stature. He earned the nickname because he was, jokingly, the size of four normal-sized men. This moniker reflected not only his physical presence but also the magnitude of his heart and the space he occupied in the lives of those around him.

Throughout most of his career, Fred worked tirelessly for his brother at Doyle Hatfield Masonry. As a master brick mason and an outstanding jobsite superintendent, his craftsmanship and keen attention to detail left an indelible mark on structures that stand as enduring testaments to his dedication and skill.

Outside of his professional life, Fred found solace and joy in the company of friends. Whether camping beneath the starlit sky, hunting, fishing, or trapshooting at various competitions across the state, Fred cherished the moments spent with his companions. His love for nature and adventure mirrored his vibrant spirit and zest for life.
