My name is Connie Barlow. I was a friend of your Grandma Marilyn Noorda. Myself and two other friends were shocked to discover that Marilyn died in October, after trying to contact her numerous times. We were additionally shocked to hear of your mother Sue's death at such a young age. Marilyn loved her and talked about her a lot. We would truly like to know what the cause of their deaths were. We called Legacy but received no info. Could you kindly email me at cdbar26@yahoo.com Thanks!!

Your Mom was a good friend and a very special lady. She stopped by my home after my husband, John, passed even though you had moved to Bountiful. She knew what I was going through and wanted to share some comforting moments. I remember many visits to your home spending time with Sue, learning and loving the experiences she shared with us about the many adventures your family had as you traveled the world for your Dad's work. You Mom and Dad were great people and I'm sure they had a joyous reunion. May God bless you and your families during this hard time. Love Judy Krebs
