Theresa Novak posted:

David used to wait for me at the screen door when he was around 9 or 10 year's old for me to come home from work. He would then hop into my Toyota Corolla yellow car and I would take him for an Arctic Circle hamburger! He was so excited! Sometimes, we would go up to Weber State and run the track together. I remember an almost whitish blonde little boy who was so charming and looked up to his older sister! We also took some drives up Ogden canyon. When he was older, and I would visit Ma & Pa, he'd join in and play a great game of poker! This last photo of him was on his birthday when he had a haircut and had shaved and I had faceted him. Even though I had wanted him to shave the mustache as well, he told me he liked it too much to let it go! That was all "David"!! Love you, Brother
