I'm always yours babe from the day we met till the day you went and still know and forever you will always be mine. The day we met you pulled me in the other room and and said to me " Always and forever will you be mine? I mean your so beautiful no one will ever take you from me! Let see here will you always be mine know and forever and beoned? I think I'm in love with you, and your my soul mate!!! I have never felt this way about anyone in life its like god sent me an angle which is you to me!!! Woow I cant belive im saying these to you and i just meet you!! But there is something about you. You give me butterflys and make me feel all werid and shit you know what i mean beautiful." So with that said since the day we meet till the day we met again you will always be with me in my heart and soul, I miss you SO so much babe. Not one or a thousand words can not explain the hurt inside that you are not by my side! Not to mention that no one called me and informed that your funeral services changed and they were so ugly to me about the whole thing I do not know one person that would do these to another person. What I do know is they have to deal with you on the other side about it and that is if you even talk to them again. I only seen you cry once and that is when you found out you was sick and you told me "I am not afraid to die I am afraid of what would happen to you and the kids and how it would affect umyou and them. I AM so worried about what would YOU do and WHATS GOING TO happen to YOU HOW IS IT GOINGBTO AFFECT YOU AND WHO IS GOINGBTO PROTECT YOU BABE.AND HOW WILL THE KIDDS HANDLE IT. HOW WILL IT AFFECT THEM." AND that is the only time I ever seen you cry EVER. You where shuch a strong man strongist man i have ever known mently and physically. I know you loved and cared for me so much as I did and still do. I'm so hurt by the fact I did not get to say my last good bye to you my Fairwell. All because of me trying to be nice and let your mother be charge, because no parent should ever have to Barry there kid or children ever. She betrayed both of us I'm sorry for that babe. But she has to deal with you on the other side that is if you will even talk to her again with the bateral of not accepting who you loved to be with you after I respected her and trusted her for betral to us. I'm sorry for that I would have not missed it for the world you know that I always went to the hospital with you everything no one else stayed with you through sickness and health babe I love you
