# Brandon Edward Adamek

APR 13, 1979 - JUL 6, 2024

**B**randon Adamek passed away on July 6th 2024. He has left a hole in our lives that will never be filled. It would be a difficult task to find a better more compassionate person. He always made us laugh even when times were difficult. He went through so much in his life but took on every challenge, managed every trial with humor, grace, and perseverance.

Brandon loved his family and friends and was always happy to help whoever he could. He was a good listener and loved to tell stories, he would always be happy to share a memory, a laugh, or a moment.

Brandon had many hobbies and interests. He loved the outdoors and even after it became too difficult to participate in outdoor activities you could often find him outside. He developed a love for cooking, always enjoying the scientific prospect of it. He enjoyed creating his own spice mixes and marinades, deciding that just because his diet had restrictions didn't mean that his taste buds had to.

Music was a huge part of Brandon's life. He played guitar and mandolin and loved to play with friends or by himself. He would get so excited when he figured out something new with his music. The owner of several guitars, if you were to ask him how many guitars one man needed he would respond "Just one more." Then he would smile his mischievous little smile and start to laugh.

A farm boy at heart he spent his summers on the farm in Iowa. His time there left him with many beloved memories and the ability to tell you the make and model of just about any tractor that you happened upon. This love of mechanics extended to classic cars, and although he never got the chance to find that perfect Monte Carlo, his passion for them leaves us with a chance to smile when we see one.

Married to his love, Melissa, they shared a home, a cat, and a life that was entirely too short. They were in it together and through all the difficulty their love never wavered. They shared a love of Halloween, Mel loved it so Brandon loved it. They met for the

first time at a Spirit Halloween, and the first gift Brandon ever bought for Mel was a huge rubber snake. He loved to see her smile and no matter what was going on he would try to do something to make her laugh.

Brandon leaves behind his wife, Melissa, his parents Ron and Rhea, and his brother Ryan. His celebration of life will be held July 27th, 2024.

I worked with Brandon for many years at the E Center. He was very helpful and always had a smile on his face. I was fortunate to see and hear him play at Abravanel Hall for the audio classes I taught. No one will ever replace Brandon's attentiveness and enthusiasm in operating the goal horn for the Grizzlies hockey games.

I was so sad to hear of the passing of Brandon! I will always remember him hanging out in the basement with my brother, walking around campus at SLCC, and being horn boy at the E/Maverick Center! I hope you have found peace and comfort.

Mel and Ron and Rhea, I am so sorry for your loss of your husband and son. Brandon was such a wonderful person. I am Shaun's mom so I got to know him for many years. Since they were in jr. high, high school and up until now. They were inseparable, always playing music together, camping out at Lagoon, just hanging out together at our house. He will be missed so much. His laugh, his beautiful long hair, his fun personality. He had so many problems to deal with, but he always had a smile on his face up until the end. I'm so glad that he's thru with all his pain and now watching down on all of you, saying it's all right now I'm doing fine. We have many happy memories to look back on and he will always be on our minds and in our hearts. I'm praying for you and your family that you can have some peace at this time. Pat Winters
