Cathy Elaine Siler

DEC 7, 1953 - JUL 25, 2024

Wife, daughter, sister, mother, aunt, grandmother, and great-grandmother, passed away on July 25th, 2024 after battling a short illness. Thank you to the staff and doctors at Ogden Regional Hospital and Atlas Hospice for the loving care Cathy was given. Cathy was born on December 7th, 1953. She married Dan R Siler on December 5th, 1970. She was the mother of her two daughters: Michelle Andersen and Raelyn Adams. She graduated from Roy High School in 1972. After her daughters went to school, Cathy went on to earn a Bachelor degree from Weber State University in Elementary Education. Cathy loved all of her many students. Cathy retired after teaching for over 30 years. She continued to have contact with many of her students and parents after retirement. In 1998, she had an ATV accident. Before the accident she was very active. She was not able to do as much physically after this but Cathy tried not to let it slow her down. She loved her family and she often said that family was the best medicine. Cathy enjoyed going camping up on the family property each summer. She loved making s'mores, building campfires, and riding the Can-Am. The highlight of her week was driving to Logan and tending her great granddaughter. Cathy loved angels and wore an angel pendant each day. She started this when she lost her brother. She used it as a reminder of her brother and other loved ones who had passed on. Cathy had an angel that hung on her rearview mirror that said, "May You Never Drive Faster Than Your Guardian Angel Can Fly." Cathy has become our own personal guardian angel watching over us. May we never drive faster than she can fly. Cathy is survived by her husband, Dan, of 53 years, daughters: Michelle (Michael) and Raelyn (Rhyan). Grandchildren: Dallas (Josi), Jaden, Karlee (Travis), Jaren, KylaAnn and Kaiden. Great Grandchildren: Bexley, Colt, and Sabrina. She will also be missed by her dogs Lilly and Skia. Cathy helped deliver her first grandson on her living room floor and he would later go on to save her life when she was choking. Cathy loved her friends, upon coming in contact she could pick up

where they had left off no matter how much time had lapsed. She enjoyed talking on the phone or even talking to friends in the grocery store for long periods of time. If she called and you missed it she would always leave a memorable voicemail that you looked forward to listening to. Cathy encouraged all to eat a large piece of dark chocolate cake in her honor. Quote from Cathy, "Please note, I love you all. Thank you for being an important part of my life. We will be together again." Cathy, your wings were ready but our hearts were not. You were loved and will be missed by many whom you left behind.

Please join us for a celebration of Cathy's life 08/10/2024 from 5-8pm at Heritage Park West 1300 N 1000 W Clinton UT

I was sad not to be able to come to Cathy's celebration, and hopefully it was just that, a real celebration, even though she really didn't like fuss of any kind. She was a true angel on earth and had such an impact on so many hard to reach students. She was so funny, I worked with her at both Adams and Mountain View elementary, and she always brought a smile to my face, she was a comic, and yet had a whole lot of sass to her, and I loved it!!! Never afraid to tell you exactly how she felt. At Mountain View I would get there about the same time she did, about 7:00 in the morning. If I could smell Estee Lauder walking down the hall, I knew Cathy was there, it made my heart sing!!! I always have had a depth issue and so would Cathy, sometimes her car was parked almost in the middle of the road,....six feet from the curb, I loved it. We also had the same wedding rings, until Dan got her a new one. Cathy loved her family and would brag about her girls, and Dan plus her four legged child. I think of her with such warmth, and hope that she is right now getting much love from her dogs that died (oh how she loved them) and that she is watching over all of you but out of the pain that she has been in for so many years!!! My sincere sympathy to your entire family!!!

AT

Alex Taylor lit a candle in honor of Cathy.

She was my 3rd grade teacher. I remember that when ever someone would finish an assignment she would start singing "another one bites the dust". She was .y absolute favorite teacher and I feel terrible that I can't make it to her celebration of life.

Well, this name brought back some long-forgotten memories. Cathy and I both went to Sunset J H. Both in the same grade. The last I saw her would have been 1969. I always liked her, and she was quite a looker, in my eyes. My condolences to her family. So many of our classmates are gone, and it still brings sadness whenever I read another has left us.

Mrs Siler was my teacher at west Clinton elementary, and to this day was the most important teacher I've ever had. I had always struggled in school, and she never let me fall behind and made sure I felt seen and loved in her classroom. As an adult we became Facebook friends and I always enjoyed when we would chat briefly. I'll never forget her. I'm so deeply sorry for your family's loss.

I've known and loved Cathy all my life. Her humor and compassion always led her to be a safe space for anyone in need. She was one of my late mother's closest friends and became such a source of light and inspiration following the death of my mother two years ago. She told me, "I know I'm not your momma, but I'll be here for you as a mother, always." She meant it, and was absolutely a lifeline for me when my grief was entirely overwhelming. I find peace knowing that my mother and Cathy are reunited and that both continue to look over and shower in love all the people they connected with in this life, and I know they will be the first to greet me when the time comes for me to join them on the other side. Cathy, you are incredibly loved and missed. 💜-April (Page) Slaughter
