When I was a sophomore in high school, Kimball took me on my very first date to the homecoming dance. It was a perfect first date and we had such a good time. Instead of going to a restaurant for dinner, his mom and sister put together a candlelight dinner for us. I do remember Kim's funny sense of humor, as well as his beautiful big brown eyes. I have often wondered what became of him and his family, and I am sad to see he passed at such a relatively young age. I will always carry fond memories of him, and hope he will rest in peace and his family may be comforted in knowing he was a good man with a big heart.
