Wayne M Rowley

SEP 30, 1965 - MAR 31, 2025

Wayne M. Rowley, a devoted father, brother, and friend, departed this life on March 31, 2025, at the age of 59. Born on September 30, 1965, Wayne lived a life dedicated to his family and always strived to do what was right. He believed in the afterlife and that families could be together forever.

Wayne earned his master's degree in accounting while supporting his wife and four children. Although he and Valerie later divorced, his commitment to providing for his family led him to relocate to Texas for better opportunities. He deeply loved his children and cherished any time spent with them, especially enjoying boating, fishing, and sharing a bag of Oreos.

He faced a significant health challenge with a liver transplant, which altered his life, but he persevered with strength and can be remembered for the life he lived and the legacy he leaves.

Wayne is survived by his four children: Preston (Hope), Corbin, Kennedy, and Sadie; and his four grandchildren: Riley, Payton, Camden, and Ruby. He is also survived by his siblings: Jan, Carleen, Tamra, Marianne, and David. He was preceded in death by his parents, Cal and Marge Rowley.

Wayne was a remarkable soul who consistently put his family first, demonstrating unwavering love and boundless generosity. He found joy in life's simple moments and was a source of endless encouragement to those around him. His legacy lives on in the laughter he shared, the sacrifices he made, and the warmth he left in the hearts of his family. His spirit remains a guiding light, reminding them of the beauty of a life lived with love and kindness.

A memorial will be held on 04/11/2025

Miss you, Dad. I've thought about you every day and I wish I had one more chance to talk to you. But I will keep going. I know that is what you would want. I know you will be there for me still when I need it. Love you.

I mainly remember Wayne from our Montana summer vacations as kids. We spent many hours every year we were both there in that little silver boat either towing or trolling (when the engine ran) for perch or other fish. Good memories.. Always laughing making up stupid jokes etc. Todd R.

Remember when he jumped off the roof at the high school and broke his arm. He must have known we girls couldn't handle it because he took off running and a neighbor out in his yard stopped him and got him help. I'm grateful he reminded me that I had signed up to tutor his class when he was in second grade. I was in sixth grade and thought I would like to be a teacher until people told me they didn't make any money. Jokes on me!

Always a quick wit, many will remember him for his laugh and sense of humor. I remember being at a gas station grabbing a drink when someone dropped their sunglasses and Wayne quickly stomped his foot. Scared the guy thinking his sunglasses just got squished. Such a quick jokester! I miss that!!!
