JUN 11, 1944 - JUL 7, 2025

**O**ur father, grandfather, brother, and uncle, Kent Harmon passed away on Monday, July 7, 2025. He was born on June 11, 1944, and just celebrated his 81st birthday. He spent his birthday evening enjoying Chinese food and talking “all things fishing” with his son-in-law, John Jones.

Kent was a hard worker throughout his life. In his younger years, he worked as a yard foreman for Union Pacific Railroad. He was also a long-haul truck driver, hauling many loads of logs and explosives across the country. He was a skilled tradesman in many different areas, including drywall and welding. During much of his life, he worked as a drywall finisher and owned his own business, Moonlight Drywall. He was very skilled at his different trades and took pride in his work. He loved hunting, reloading bullets, and fishing. Some of our family’s fondest memories were being on the lake with him in his boat.

Kent was preceded in death by his father, Cyril B. Harmon, his mother, Lena Thompson Doe Warner, and recently by his brother, Scott Doe. He is survived by his six siblings, and his four children, Tina (Barte) Hess, Cindy (John) Jones, Douglas (Jenifer) Harmon, and Alexandria Harmon. He enjoyed being a grandpa to his nine grandchildren and his three great granddaughters. He held a special place in his heart for Rhylee Harmon and Taylor Harmon. He will be greatly missed by his family.

Kent was about simplicity and did not want a funeral. Cremation will take place at his request. We invite you to please privately celebrate Kent’s memory in your own way. We know he will be with all of us in spirit. His ashes will be spread at his favorite fishing hole.

Uncle Kent was the epitome of gentle giant. He would attend get-togethers at Scott and Rosie's sitting quietly watching the mayhem and music made by Scott, Dad (Kevin), and others. He was always kind with a comforting presence. He is and will be greatly missed. Love you Uncle.

Yes sir! He was great man we all looked up to. His patience, dry humor and calmness made even the tallest in stature take another look. Why didn't he save Doug's life when falling out of there car? Yes, and many other stories that would give the strongest a shutter. It was the light and Holy Ghost that shown in his love for his children, out loud. Love to my brother in law, now and forever. See ya sooner than we all think. Brother In this short time span. David & Diann

I remember hearing a story that was told by my brother Scott about Kent, Scott and Vic up hunting. Vic was wondering if the truck would go up this hill/ mountain and concerned about the truck not making it. Kent says sure it will. Vic didn't know that Kent had already had the truck up that mountain on one of his own hunting trips. The things we do and get away with without our parents, knowing sometimes it's fun little secrets that make up our lives. Kent was my oldest brother. I'm gonna miss him a lot. I remember him taking the time to teach me how to shoot a shotgun and he took time out to also take me on my first hunting trip for ducks. He helped me with many things in my life and I have been able to see some of his wonderful creations. He was so good at making drywall look like it was simple but I know it wasn't and how artistic and proficient he was at it to make it seem so effortless he will be missed. Love you Brother.
