Carl Capson, 82 of Kearns, Utah passed away October 10th 2025 at home with his family.

After graduation Carl served 4 years in the Navy as a diesel mechanic. Carl had a successful career as a mechanic for many years until he retired in 2009. Carl met the love of his life, at the young age of 4 years old. They were married on October 10th 1964, in Elko Nevada, he passed away on their 61st wedding anniversary. He had 4 children, 7 grandkids, 14 great grand kids.

Carl was a family man who took great pride in his family, he would do anything and everything for them. Carl loved to hunt, fish and camp with his family. He was an excellent mechanic who would love to fiddle with any type of motor or engine. He liked to keep himself busy by doing all sorts of home improvement projects. Carl touched many lives and left a lasting impression on everyone he met.

Carl survived and beat stage 3 lung cancer this year. We also want to give a special thanks to Dr. Low and his oncology team that helped him fight and beat lung cancer and gave us the extra time with him.

In 1962 when he was stationed in Italy, he sent me a porcelain doll about 2 feet tall. I kept that doll on my bed for at least 5 years. That was the best gift he could have given me. My parents were so afraid of he Bay of Pigs in1963. Carl's ship was sent to Cuba but Russia backed down! I really didn't understand (being 9 years old) but thru the years I understood the fear my parents felt. Thank you for your service my brother! I luv you ❤️
