My sweet angel, my Beautiful grandmother, your witty humor, your sass, your guidance when life gets hard will always be missed and cherished for eternity! Always knew when life got hard your light would guide you back, I'm gonna miss your pies on the holidays and you feeding all the animals. Your humor about passing gas (she would kill me for saying this) or in her words " that wasn't me, must have been this chair or you" she got a little flustered every time but always crack a smirk. Love you grandma, until we meet again.
