We are heartbroken for Braxton and his family in the loss of a father, a brother and a son. Although Joey and I had only met Preston on a couple of occasions, we always thought he was an incredible man— a devoted single father, hard working and loved Braxton so much. Braxton, to us, you are not only Micky's friend; but became almost a part of our family. We have watched you grow into a strong, loving young man, which we believe has come from your father and grandparents. Your dad has left this world far too soon. But his love for you and his hard work will stay with you for the rest of your life. He will continue to be with you from up above in every step you take. We are here for you too, in anyway you need. We love you. Many prayers and condolences, Joey and Jen Hood
