# Rebecca "Becca" Jayne Gonzales

JAN 4, 1989 - MAR 19, 2026

**R**ebecca "Becca" Jayne Gonzales 37 of SLC, Utah, passed away after a long battle with a substance abuse disorder on 03-19-2026. Her death was preceded by her father Samuel Gonzales. She was born in Wenatchee Washington on 01-04-1989 and moved to Utah in 1990. She attended schools within the Salt Lake Valley and also study an on-line business course to continue her education. She was a very passionate and a intelligent woman.

Becca was the middle child and had four siblings, and two bonus siblings. Her "POP's", Victor and I made a lot of wonderful memories together with all the children growing up in the beautiful mountains that surround our family here in Utah. She always enjoyed learning all that she could out camping, fishing sledding, hiking, campfires and she had a great love for the stars above.

Rebecca's addiction and lifestyle came at a price both for her and our family. While her beautiful smile and funny faces will live on in her two birth children, it is unfortunate that she never met many of her niece's and nephew's.

As a young adult, Becca developed a way about her that made everyone that she loved and befriended feel special.

To her, life was about "living for the moment!" She was always aware and fully present with her people. She was completely engaged and made those moments memorable.

While we are heartbroken, we take comfort in knowing that she is now free from her pain and the struggle that addiction brought into her life. Our family loved her deeply and our only wish was that she would accept that nobody can overcome mental health disorders coupled with addiction, alone. We all need help sometimes.

Becca, I went back through our conversations and I can only hope you knew how much I love you and how much I believed in your success. I wanted nothing more than to see you happy and healthy; therefore, it has been very difficult to accept your passing, but it is clear to me that you are finally free. There was never any doubt in my mind that you would conquer the obstacles life threw at you. I thought it would look different but God's plans are perfect and he called you to him. My heart is selfish and wished your freedom would have been on this Earth but I also know there is no better and more beautiful calling than that in the presence of our father. Rest in peace Becca, may your beautiful smile shine over our family for ever and ever. Watch over your beautiful children and give your dad a hug from me. I love you.

My heart has a million cracks and chips in it, I am so saddened with the passing of such a beautiful and loving spirit! The last time I spent time with my niece Becca, was in May of 2024. It was a great day! We were both clean from drugs. We both had completed our own substance abuse programs shortly before that and were in a way celebrating our clean time together. We met in Salt Lake at a coffee house, near her residential program. For a few hours, we talked about so many things, playing catch up on all the years gone by, as if we could...we connected in our desire to staying clean, one day at a time. We talked about the things we were learning, mostly of our own "SELF", that we were becoming. We talked of our heart breaks, the little things that made us smile and weep, things that we knew we had to accept and live with or without in our lives. Becca told me she was so proud of me, for my recovery and my willingness to do something different. I felt she was determined and committed to her own recovery and I know she was doing the work! My heart aches for my niece who had to grow up so fast, who carried her life's hurts, pains and memories in a backpack that was so heavy! I pray Becca is resting in God's arms and we'll meet up when He sees fit! I love you, mija, forever and always! Tia\*\*If you're reading this and drugs have become a problem in your ability to live your life fully, if your life has become unmanageable, if the getting and the using has taken over...please reach out! Call your local Narcotics Anonymous hotline, attend a meeting, meet some addicts in recovery and I promise you that you will never be alone! It's never too late!
