Alma Susan Snow was 65 years old when she returned to her heavenly home and was embraced by her parents, Don and Virginia Snow among, other family members, who preceded her death on August 2, 2019. “ We lived one house apart from Suzie's house, we were best friends and had many day's of great memories. Desi drove our tractor while we picked up hay, Tom always called her pinks, we were always together the Labbees and the Reids. We always had family home evening together especially with Maridean and Smitty Johansen, we love them and miss them so very much, we had whip cream in can fights, water fights horse back rides you name it we did them all. Tom and I love Desi like a daughter, we know how hard it's been dealing with the care of her Mom, now with her passing is hard on her, she is our hero, taking care of her Mom was her biggest desire to see that Suzie was well taken care of she is a trooper Tom and I will always miss those special times and pray for our sweet Desi God loves you, keeping you in our prayers!
