

Amber Lynn Walton

February 26, 1988 - May 12, 2021

33 years ago, Amber Lynn Walton danced into our lives. On May 12th, she left this epic adventure behind and danced into a far greater one. Her life was like a brilliant rainbow: Beautiful, bright, and wonderful, but gone entirely too soon.

Like the superhero movies she adored, Amber was a real-life superhero. She was a kind and fearless warrior, always fighting for the underdog and making sure all voices were heard and accepted. She had the ability to make anyone feel loved, and in typical superhero fashion, it was usually to those that desperately needed it. When you were Amber's friend, that meant something.

She may have lost her battle with diabetes, but like all great superheroes, she has left us with a legacy of love, kindness, loyalty, and a desire to be greater than we think we are.

She found hope in the hopeless and love in the unlovable. She never lost hope in a better day, a better functioning body, and a better world. She will always be remembered for her beauty, her laugh, her fearlessness, her love of music (especially the band Journey) and her undying love for her nieces and nephews.

We will not remember the battles, but instead cling only to the victories, her love, and the light she leaves behind. We are better because we knew her, and we are braver from her example.

Our hearts are broken that you are gone, but as much as we want to keep you here fighting, your strength, compassion and love are needed in your next heroic adventure. We love you Sissy.

Don't Stop Believing.

In lieu of flowers, memorial donations can be made to the American Diabetes Association.

A viewing and memorial service will be held Saturday May 22, 2021 at the LDS meetinghouse located at 5750 S Nena Way, Murray, UT 84107. The viewing will begin at 11:00 am, followed immediately by the memorial service at 12:00 pm. Interment will take place at Elysian Gardens, 1075 East College Street (4580 South) Millcreek, UT 84117.

“ A friend comes in different shapes, sizes and colors. Amber was every shade of special. From our first meeting I felt her impact and connection instantly. Over the course of working side by side with a person you are witness to their true character. All I ever saw was a bright spot in an otherwise gloomy space. She attributed a determination and radiant drive that encouraged me to push harder and dig deeper. With Amber's unflinching support and fierce protectiveness, anyone would feel honored to have her in your corner. Even if it was for the briefest period of time, I'm truly grateful our paths crossed in this life and hope it does again in the next. Xo B.

“ This is so well said. It perfectly describes Amber and those of us that were so very blessed to have known her. There are many broken hearts now because of the wonderfully kind and precious person she was.

“ Amber and I use to take turns buying Birthday Cakes each year since they were right next to each other while we worked together....she enjoyed calling me "Billy". We first met at EMC and it didn't go well at first but once she realized we both liked MARVEL related things, we started to become good friends. She will be missed.
