

Bert B Lloyd

April 22, 1959 - November 4, 2021

Bert B. Lloyd

April 22, 1959 – November 4, 2021

Bert B. Lloyd passed away the morning of Thursday, November 4 surrounded by his loved ones in Provo, Utah. Bert was born to Arnon and Yvonne Lloyd in Roosevelt, Utah. He grew up working on the family farm alongside his siblings. Bert loved growing up in Ioka and often spoke of many good memories there. One such memory that he talked about was of flying kites in the fields outback. He remembered tying multiple spools of string together to fly his kite as high as possible. He said it was so windy that often he would leave the kite flying at night tied to a fence post and the next morning the kite would still be up flying on its own.

After high school graduation Bert moved to Provo, Utah. He attended Provo Trade Tech and earned an Associate's Degree in Welding which he had an intense interest in all his life. He was an expert welder with highly skilled mechanical abilities. As much as he loved to work, he also loved to play. Dirt bike riding, camping, fishing, and four-wheeling on his beloved Can-Am was how he played. But Bert's most favorite past time was snowmobiling at his "favorite hill" near Strawberry Reservoir in Utah. He made riding the cornice at his favorite hill look easy. He would often start a small avalanche as he throttled his sled around his favorite hill.

Bert parented his two sons Lucas and Landon Lloyd from his marriage to Pamela Goodman. His boys meant everything to him. He instilled in them his same work ethic and grit for life. "Pick it up a notch," was one of his favorite sayings. Bert loved spending time with his grandchildren and taught them the same values. He served his neighbors wherever he lived. He taught many young men in his local ward the necessary life skills that made him successful at home and work. He enjoyed many long-lasting friendships that are too many to list. He will be greatly missed but never forgotten. We love you Dad and we always will. Till we meet again, Lucas and Landon Lloyd.

Funeral arrangements are the following: In Orem, Utah on Saturday, November 13, 2021 at his local church building (641 S 400 E, Orem, UT 84097) we will have a viewing from 9:00am to 10:45am and funeral service in the same building from 11am to 12pm.

A brief graveside service will then be completed Saturday afternoon the same day approximately 3pm (depending on drive time) at Upalco Cemetery located at Upalco Cemetery Rd. Bluebell, Utah 84066 United States.

“ My favorite memories of Bert were during our Anniversary 4 wheeling trips to Strawberry where we splurged and always reserved a beautiful room for a few days at Daniels Summit Lodge. We would ride for up to 80 miles each day s traveling over Utah’s vast mountain ranges around the lake with wildflowers in bloom during July. It was the only month I could really get away from work and it was just he and I. We would ride by people camping in tents fighting the heat or mosquitoes and we agreed we were lucky we could spend the extra money for a hotel room and could ride on a luxury CanAm fast enough that mosquitoes couldn’t touch us!! Even though Bert would test my courage on some pretty steep places, I knew I was safe with him and he could get us out of anything. He taught me how to play. He taught me how to look up and out to see beyond the horizon when I was fussing and worried about small details that didn’t really matter. I’m a stronger person for my association with Bert Lloyd. I am grateful he chose me to help Lucas and Landon’s finish high school and support them with letters and encouragement during their missions. I remember shortly after we were married and were living in the same house when we were eating one of our first meals together I started crying over something. All three of them panicked! They looked at each other like, “What is happening? What do we do?” When I saw the terror in the boy’s eyes, I stopped immediately. Obviously, I’d been dropped into a world of “No whining!” I needed a different way to handle my feelings cuz this crying wouldn’t work. Bert taught the boys to be leaders and he can rest assured they are exactly that. Bert...we will all remember what you were committed to and teach those things to your grandkids. Count on it.

“ Lucas and Landon,
Your family and all who knew your father, has lost a loving father, grandfather, man of service, hard worker, straight shooter, and fantastic neighbor. He will be watching over you and your continued legacy. He was so proud of his boys and loved talking about your successes. Prayers and love.

KL

Well said Landon. See other post. Bert raised 2 men, You and Lucas are his legacy, And the grandkids, cherish the memories of basketball, snowmobiling and motorcycle riding, He is starting a new mission with our dad and brother Tommy and maybe mother as well. This separation will be but a short moment in God's plan of happiness. With much love, Uncle Keith

Dear Luke and Landon, my mother always said the day will come in your life when you know more people on the other side of the veil than you do on this side. This is becoming true in my life and will in yours, as well. Your father is just on the other side and will be watching over you! He was a great friend to me and I am better for my association with all of you! I will always remember calling your dad on a Sunday afternoon and saying "let's go for a ride." Bert would come over on the motorcycle and we would ride around for hours and he would show me places he lived and loved. I will never forget our trip to Fish Lake with Robert Ripple. I hope you both remember it. It was a fun time and I will never forget it. I loved your dad very much. He was very special to me and we shared many thoughts, ideas and secrets between us. He was fun to play with and will be sorely missed by me and many others. I am glad to live in your old home because it is a sweet memory for me AND you! sending love and prayers your way, Juanita, Scott and Noelle Bushman

*Dear Luke and Landon,
I just want you to know how much I love and appreciated your Dad. He was a very dear friend who would do anything for me. He had a big heart and would always come to my aid so many times. He could do anything. I will miss him! He told me not to worry about anything while I was on my mission and that he would take care of things if I needed him to. Well, I guess I won't worry because I know where he's at. He's in a good place and he'll make it better because that's just what he does. I think it comes natural to him. I'm so grateful to have known him. I'll always remember his goodness and helpfulness to those around him. Our thoughts and prayers are with you and your families at this time.
