“ Bette sounds like she was a wonderful woman. I'm sorry I finally found her 5 years too late. She was my paternal grandmother and I never got the chance to know who she was or have her in my life. I am glad she had kind people in her life before she went. I just wish I could have been there for her as well.

“ Please accept my most heart-felt condolences at the loss of your mother and grandmother. She was such a spunky, loving individual; always so bright and caring for those around her! I loved going to see her every two weeks to deliver her lunch. There will definitely be a bright spot missing now that she is gone. Sincerely, Raylyn Daniel

“ I got to know Bette by delivering Meals on Wheels. I always looked forward to seeing her. She had such a spunky attitude and was always so kind and generous with compliments. We often would chat for a while and I enjoyed hearing her interesting stories of her younger years. I will miss her dearly. With deepest sympathy, Cara Bertot
