“ I am really going to miss my grandma. She was my go-to person. Whenever I needed a shoulder to cry on or someone to talk to, she was a phone call away. Her life was cut way too soon for me, I wasn't prepared to lose her. I'll never forget all the good times I had with her. She could always keep a smile on my face. She has helped me grow into the woman I am now and showed me how to never give up at being a mother. She was everything and more to me. All I have now are memories that I'll never forget. Whenever my time comes, I cannot wait to reunite with her. I love you grandma, forever. Rest in paradise
