“ *She is an incredibly wonderful lady. A Lady in every sense of the word. When I was working in the Ogden area I loved to visit with her and Joe. Her sweet smile remains a wonderful memory of those days now gone but not forgotten. We both loved gardening our conversations no matter how they started almost always made there way to the garden.*

*Over the years life's changes limited our visits. But when I last saw her it was like no time had passed.*

*I will always cherish my memories of her kindness and the loving friendship she so freely gave. Rest now my dear friend till we meet again.*
