Grandma Edna was known by everyone to always have fresh chili, beans, and especially potatoes ready along with a hug for anyone who came to visit. When she was young she loved to embroider pillowcases as one of her hobbies, she loved to read Amish romance books, work on word search puzzles, watch Jeopardy and Wheel of Fortune. One of her dreams was to become an interior decorator, her house was so beautifully decorated, and welcoming to all who entered her home. She was an amazing cook and storyteller. She could tell you stories from when she was young living and working on a farm in Taos New Mexico with her family. She would tell stories of her childhood adventure growing up and raising her family. She could keep your interest for hours, she loved to talk about old times.

Edna loved her children very much and sacrificed her time and love for each one of them. She was a wonderful grandmother and great grandmother and was proud of them, she loved them all.
