“ Jim and Judy were our neighbors for almost a quarter-of-a-century. I considered gym a good friend. We are both mechanics and we often helped one another on the various projects we were working on. We also spent some time together on their property up above Monte Cristo. It was hard for me to see Jim health decline I know it was frustrating for him and his family as well I see it always been so active. I was able to spend some time with him just a couple hours before he passed away and I'm grateful I did. He wasn't conscious at the time but I think he knew I was there I'll always remember him. Rest in peace.

“ One thing I can say about Jim is he was a marshmallow through and through. As much as he would huff and puff, you always knew he had the best intentions for his family and loved Judy & every single one of his kids more than life itself. The walls people put up in their lives are for reasons we don't always understand and Jim sure did have some walls....I feel blessed to have known him on this earth and to know his heart. His greatest desire was to be surrounded by those he loved so much and I'm so happy he had that in the end. You Kindalls, you stick together now. Love each other, because he will know. He's not far away and his greatest joy- even now -will come from the love you have for each other. I Love you Jim, thanks for being so good to me and letting your guard down every so often. Enjoy the reunion you're having. See you again someday. -linda
