(Order of grandchildren was done by the oldest to youngest children of Janice)

She was also blessed to have 37 great Grandchildren. Wow!!

Janice, also left behind Son-in-laws, daughter-in-laws, nieces and nephews.

Janice, loved to listen to music often. It made her so happy. Especially the BeeGees.(She had a thing for Barry Gibb!!)

She actually loved all music. She used to love to draw. She was very sad when her hands started to shake and couldn't draw anymore. Now she is in a perfect state and can draw again.

Janice had unconditional love for everyone. Everyone who knew her loved her dearly. She

loved her family immensely and loved spending time with them. Her family was her joy and her everything. She called her children every single day. Sometime two or three times a day. Those calls are going to be so missed. Janice wanted to be home when she passed. The hospital would have hindered having her family with her. She was surrounded by so many family members when she passed. 2 Siblings, all of her remaining living Children, Grandchildren and great Grandchildren. Even her ex-husband Arthur Lujan Armenta was present. We even did video chats with those that could not be with us. All of us being there made her so happy. Until the end she tried to open her eyes and smile at all of us. That was how she is, she wanted us all to feel like we were the most important. She loved us all. We found out she had AML (Acute Myeloid Leukemia) The week before Christmas. She was coherent up till the day before she passed away. She passed away peacefully and pretty quickly. We are thankful for that. We didn't want her to suffer.

We all love her so much. My brother James said "She was the glue!" I pray we will all stay close in her memory. She would want it that way. She is gone from this earth but not forgotten. Her memory is engraved on our hearts.

We will be having a celebration of Janice's life on May 5, 2022. At Murray Park, Murray City, Utah from 2:00-4:00pm. It will be a potluck dinner. If each family can bring one dish to share. Main course, dessert and drinks will be provided.

“ My mom was the most caring, loving, beautiful woman. She taught me everything I ever needed to know in this life. She had a tough life. But, my mommy kept a smile on her face. Even at the end of her life she was trying to make us smile. I will be with you holding you in my arms again before you know it!! You are the wind beneath my wings. You have always been my guardian angel here on earth. Now you are my guardian angel in heaven!! I love you so much my mommy!! 💔
