

John Wallace Jr

January 6, 1929 - January 18, 2021

John Wallace Jr.

1/6/1929-1/18/2021

Dad passed away peacefully January 18, 2021 after suffering a stroke 4 days earlier.

Dad's health had been declining lately. He had been bedridden since early December and was not happy about it. With his big sis passing away January 2, 2021 he seemed to have decided it was time to go home and join his family .

Preceded in death by his parents John Wallace Sr and Violet Hansen Wallace, Brothers Don Wallace and Gene Wallace, Sister June Nielson, and Brother-in-law Leonard Overstreet.

Survived by wife Billie Rae Overstreet Wallace. Brother-in-law Lewis Lundell and wife . Daughters Linda and Jerry Griffis, Sandy and Bill Underwood, Vickie and Kevin Williams, Debbie and Cleade Ivie, Son David Wallace, 44 Grand Children, 12 Great-Grand Children and many neices and nephews .

Served in United States Army from January 9, 1952 - January 13, 1953. Served in Seabees Reserves from 1970-1992, United States Air Force Reserve from 1953-1967 and retired.

Dad was quite the joker. He enjoyed his "Dear John letters," even though they were junk mail he thought as them personal to him.

Dear John Rest In Peace. He lived a long and interesting life. He was a Baker, Chef, and an Auto Mechanic, and a self taught jack of all trades. He loved his job at Hill Field Wood Shop.

Many thanks to Hospice for Utah for all your love and support.

“ Share "A" memory? I don't know if it's possible to share just one but I will try. My grandpa has always been & will always be extremely special to me! He & my grandma raised me until I was 5 or 6 years old. After that, they would always take me on weekends & in the summer when grandpa went for his 2 weeks to military bases in California & Louisiana. He always liked joking around with his silly, grandpa humor. He would continuously tell me & others one story (even though I was there LOL!) about one of those trips when we were on our way to California. We stopped at a 3 way stop & he asked me which way we should go. I put my hands, the outside of my palms together on the inside with my thumbs pointed facing outwards & said, "that way" & grandpa & grandma laughed & laughed. He told that story so many times! I know that was a very fond memory for him, which is why I wanted to tell it now.

My grandpa was a very special person! He & my grandma have always meant the world to me! He is going to be missed, not only by myself but a lot of others, this I know. I love you, grandpa! Rest in peace, you're my guardian angel now.
