

## Kimberly Lynne Bensor

September 13, 1982 - January 25, 2020

Kimberly Lynne Bensor, born September 13, 1982 in Ventura, CA to David Franzen and Ruth Ann McAnulty, died January 25, 2020 due to liver complications. Kim grew up in Ventura and loved skating, concerts, and live comedy shows. She graduated from Ventura High and received an Associate degree from Oxnard College. She married in 2006 later having two children; Andrew in 2008 and Alyssa in 2014. She was diagnosed with breast cancer late 2013 and endured many chemo and radiation treatments that helped her enjoy a short time of remission in 2017. She moved to Kaysville, Utah in July 2018 in hopes to find a better future for her family. Moving on from the disease she was able to focus on watching her family grow and enjoyed everything about Utah. Routine PET scans and blood work showed that the cancer had moved. She was diagnosed with stage 4 metastatic breast cancer in December 2018 and had to prepare herself for another fight with the disease. Faced with the chance that she will not survive, Kim did not hesitate and continued to fight. She was a very strong loving person and always tried to hide her struggle but couldn't hide any longer. The disease took her life but not her love for the people she cared about especially her children. Kim is survived by her husband Jeff and two young children Andrew and Alyssa. Her memory will live on through them and her family and friends.

“ My deepest condolences to Jeff, Andrew, and Alyssa. My heart aches for you and yet grateful Kim is no longer suffering. I will always cherish Kim's park visits when she'd come to pick up the kids from Lori. Thankful I was able to visit with her and the kids when they came last summer. Didn't know it would be our last park visit however pretty darn cool we laughed our butts off ( well maybe not fully). Fly with the Angels beautiful Mama, you were well loved. Your family is now surrounded in your light and protection as you are now their Guardian Angel in Heaven. Much love and prayers surround you all from my house to yours. Love, Tracy

“ Although I did not know you, I learned of your passing from your father here in South Texas. Our hearts hurt for him and all those who loved you and whose lives you have touched. As I read these sweet posts from your family and friends, it is very clear that you were a very special person. You were so very young, too young to leave this world but clearly you made an impact and had a special place in so many hearts.....which is all any of us can hope for really.....to love and be loved...to be a daughter, a wife, a mother a friend.....another beautiful soul is soaring with the angels now.

“ I had the pleasure of meeting Kim and Jeff in 2013. I was Andrews childcare provider for a year until Princess Alyssa arrived. Kim would drop off the kids every morning working full-time, going to chemo and caring for her family relentlessly. Kim pushed herself daily never a thought of quitting, never a complaint or a negative thought. Kim's positive attitude was contagious day in and day out. God had a plan when Kim and Jeff walked thru my doors, the Bensor family will forever be in my life. I asked Kim to join a stair climb with me a few years ago. We trained weekly while she had side effects from Chemo, neuropathy in her feet and hands. Never once did she complain about the side effects being too tired or a thought of quitting. Kim completed the stair climb with her husband Jeff right by her side the whole way. I was fortunate enough to be in Utah the last week of Kim's life. I watched Jeff non stop caring for Kim's every need. He was in constant contact with the doctors and nurses making sure she was never uncomfortable or in pain. Jeff is a phenomenal husband and father never resting until Kim and the kids were taken care of first. Kim fought every minute in the hospital loving Alyssa, Andrew and Jeff until the very end. I was worried about a Jeff being alone in Utah with the kids. Boy was I wrong, Kim knew exactly what she was doing when they moved to Kaysville, Utah. She set Jeff and the kids up in the perfect town to raise kids. The outpouring of support the community is giving the family has filled my heart with hope happiness and Love. Kim, I will always keep you present in my heart and will always be in your kids lives. God speed Kim ☐☐

“ I worked with Kim 12 years ago at DUX Dental. She always was so nice to me and was always willing to listen to my questions. So sorry to hear about her passing. My thoughts are with all of her family and friends.

“ She had the most beautiful blue eyes and I always told her. I loved her and I told her whenever I was with her. Her grandmother Pat was waiting for her in heaven.

“ I still can't believe you are gone. It doesn't feel real I am at a loss for words. Even though we barely met when we moved to Utah (on the same day) it felt like we have been friends for so long. It was just so easy talking to you about everything. You have one of the biggest hearts and the kindest person. I will never forget the pink concert we went to. We had so much fun. I will always think of you when I hear one of her songs. Something I will cherish always and forever. I am so blessed to have met you and share our same interest in collecting Starbucks tumblers . I wish we had more time to do all the things we planned like renting an RV and planning a trip cross country in the summer. We all love and miss your beautiful face and we will never forget you. Rest In Peace beautiful angel

“ Kim was such a beautiful light in this world, a friend who would drop everything to lend a hand and poured herself into caring for others. We first met as co-workers and spent years sitting near each other at work where I first came to realize what a sweet and kind soul Kim was. I will never forget our girl's trip to Vegas with the Dux Dental crew and all the fun we had! After having kids, our friendship developed even more and so much enjoyed all of the park play dates and visits we shared with our kiddos. Kim, life certainly isn't fair and you were dealt some tough cards but handled them with such grace and strength. You will be missed beyond belief and I am so, so grateful to have called you a friend. Fly high sweet lady!
