Lolly has such a beautiful voice, she would always be singing to all the songs that were on the radio. I am forever grateful for the friendship we were able to have. “ I met Lolly working at Health Solutions Chiropractic in South Ogden, Utah. I knew I liked her immediately; not just because of her awesome personality and welcoming smile, but because we were both from the Illinois/Wisconsin border. We knew the same cities, towns, and festivals. We got along great and I felt we were kindred spirits. I've often thought about Lolly since leaving and have always had her in my prayers. I'm sad that she's left this physical plane but am so happy that she is free from pain and illness. I know she is with her loved ones who have passed as well as with Jesus. May God bless her and her family still here.
