“ Aunt Lucy is one of the most giving and loving people. Losing her is sad for us in this life and we will miss her. We know she is now a blessing to all those around her in the next life.

Because of her great love for family history we, and our children, and our children's children, and their children will be able to get to know, and love the family.

Aunt Lucy leaves a great legacy.

“ I will truly miss your mother. She was an amazing person and carried a penetrating split it with her. I only knew your mother the last five or six years of life, but I feel blessed for knowing her
