

Madison Rey Johnson

February 20, 2004 - July 9, 2020

Our beautiful daughter Madison Rey Johnson passed away July 9th, 2020 at 16 years old.

She passed away at home, with her family, after a year-long battle with metastatic Alveolar Rhabdomyosarcoma Cancer. She suffered through very aggressive treatments to treat a rare, very aggressive cancer; with positivity, smiles and industriousness. She fought hard until the very end. She was determined to live. She lived far longer than anyone expected.

Madison had such a big presence and such a big personality. She was a role model for so many. She brought so much vibrancy to our life. Madi was hilarious, witty and full of fun. The sass on that girl was strong. She dealt with all the hard things with, smiles, laughs, humor and sarcasm. Madi had the strongest of wills and determination. She had her whole life planned and organized. She wanted to be an Architect and Interior Designer. She kept our whole family on track.

She was such a beautiful soul. She was full of light and love. She loved positivity. She set goals and worked hard to accomplish what she set out to do. She was brilliant. She mothered her friends and family. There wasn't anything she couldn't do. Madi was a crafting queen. She loved to cook, crocheting, art, her family and her dogs.

She is greatly missed. The world is poorer without her. She would have accomplished great things.

We are having a private service and a private memorial at a later date.

Comments

“ I remember classes with Madi were the ones I really looked forward to going to. She was such a smart, creative, kind, and beautiful person. She will forever have a special place in our hearts. I remember very clearly at my senior parade we were talking and just being in her presence made me happy and put a huge smile on my face. Everyone at school loved Madi because she always wanted to help people, even if she was having a hard time. I love and miss you Madi. Fly high my friend, I and so many of us will miss you

“ For the past three years Madi has been such a kind support, whether it was helping me clean up after the one art class, or pitching in whenever needed in Student Council. And always as a voice of common sense and friendship to other students. She could probably be considered a para's best friend. I have the oragami star she gave me at Christmas 2 years ago still hanging in my window. She was a star.

“ When I was lucky enough to go to the aquarium with Benjamin, Madi, and Brodan; I was ecstatic. I was driving 48 states at the time and was only allowed 4 days off a month to go home so you can see how I had to choose wisely with what little time I had.

It had been a century since I had seen Ben, Diana, Benjamin, Madi and Brodan And it was important to me to see how they were doing. So I got to go to the aquarium with Benjamin, Madi, and Brodan. As I was driving us all to the Aquarium, It dawned on me that I didn't ask any of the kids if they had gone or not. Benjamin, Madi, and Brodan said, “Oh yeah we have been here a whole bunch, but we love going to it.” They were so thoughtful and I am glad they humored me.

Once we got there, we started our little field trip and to my surprise, I had my very own private tour guide; sweet Madi Mo. She was very insightful and knew every little detail to all the animals and history. I had an amazing time. And it cracked me up how she called Benjamin grandpa. I thought I misheard her or was losing my hearing. And then she said, “Grandpa is Benjamin! Thats Benjamin's nickname!!!!” Such a funny and clever nickname for Benjamin. I always had an amazing time with her and Benjamin, and Brodan.

Whenever I got to see them; they were always together. The three amigos. Playing Apples to Apples with them was priceless. They all had me rolling with laughter. Doing anything with them and just being in her presence with her family was the greatest treasure.

Their love for one another and their bond so rare and precious. Madi will be missed by so many, but I truly believe that a piece of her will always remain with her family. That type of bond and love will always remain and it will never dwindle away.

“ Madi was the most kindest and loving person I've ever met. She loved to make jokes and laugh. She was the only person that could tell I was having a hard time, and she would stay by my side no matter what. I will always admire her unique interior design skills. She was very creative and artistic. I love you Madi, and I'll always miss you and I'll forever cherish you in my heart.

“ Madi was so kind and happy I’ve known her to since my 10-grade year she was in 8th grade. Madi helped me though, some dark years, and I miss her.

Eli - July 15, 2020 at 10:37 PM

“ I cherish Madison. She is so precious. I have no words to say how deeply she is missed. She always had a smile and an uplifting and inspiring sentiment to share. Extremely artistic and wisdom beyond her years. An incredible force of good in the world. Always creating beauty and helping others. We love her. I give my deepest condolences.

“ Madi I will never forget your smile. You have touched all of our hearts and fought a valiant fight. God bless your family with the healing they need

marika hankins - July 15, 2020 at 06:27 PM

“ When I remember Madison as an infant I think of her hair. She had such long hair and it used to stick up similar to that of a cockatoo parrot.

Tony Leon - July 15, 2020 at 05:46 PM

“ Madi will be missed every day. Sending you all love.
